

Towards a Post-Neoliberal World Order: Rebuilding Human Rights-Based Multilateralism

8 December 2017

13.00-15.00

Room XIX, Palais des Nations, Geneva

At a time when countries should be uniting in solidarity to tackle pressing global challenges, many appear to be retreating from greater cooperation. Our speakers will ask whether the time has come to embrace a new era of multilateralism, one founded on solidarity and the respect of human rights for all, offering their vision of what governments, people, business, trade unions, academics and activists can all contribute.

This event is one of the first to kick-off the year-long 70th Anniversary celebrations of the Universal Declaration of Human Rights, signed on 10 December 1948. [#standup4humanrights](https://twitter.com/standup4humanrights)
